Level 3/4 Tucks/Twists	6+			7:15-8:15				
Ninja Kids	4.5-12				7-8			

How to determine which class to sign up for:

Tiny Tumblers: This class is our beginner class for ages 3 & 4 years.

Mini Tumblers: Student will be working on rolls, bridges, cartwheels, handstands and kickovers. Ideal class for kids just turning 5 or moving up from our Tiny Tumble Class.

JR Prep and Level 1 are run at the same times. This is the beginner class for all students who have not mastered a backbend or bridge kickover. Student will be working on rolls, bridges, cartwheels, handstands and kickovers. JR Prep is a younger age bracket and students will be grouped accordingly throughout the structure of the class.

Level 2 & Adv. Jr Prep This class is for students who can do an unassisted backbend and bridge kickover. They will work on mastering/perfecting walkovers and mastering handsprings. Adv. Jr Prep teaches the same skills but is geared towards students 10 & under.

Level 3: This class is for students who can do an unassisted standing back handspring. They will work on mastering running and connecting handsprings & tucks.

Ninja Kidz: Please see the Ninja Kidz page of the website for a description of this high-energy, maneuver & obstacle based class.
